

Bike safety tips

1 helmet
Always wear a helmet!

2 bell/horn
Have something on your bike to let others know you are passing.

3 be seen
Have reflectors on your bike and your helmet and clothes.

4 dress right
Avoid wearing loose fitting clothes and having loose shoelaces, they can get caught in the wheels or gears and you might be thrown off!

5 hand signals
Know and use your hand signals to indicate where you are going.

**WOW!
THAT IS
A GREAT
BIKE
BENNY!**

Stop

Right turn

Left turn

6 *stop & look*
When riding on sidewalks,
stop and look for cars when
crossing alleys & driveways.

7 *keep right*
Ride as close to the right
hand curb as possible.

8 *single file*
Stay in single file.

9 *check your bike*

Try to keep your bike in
good shape. Check your
brakes and tires often.

10 *walk
your
bike*

When crossing an intersection,
make sure traffic is stopped in
each lane before proceeding
(just because the driver in the
first lane stopped doesn't mean
the driver in the outside lane will.

11 *eye contact*

Make eye contact with drivers
to be sure they can see you
before you cross the street.
